Frontend: React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Web Design

Backend & Database: MySQL, Firebase, REST API Development & Integration

CMS & Web Technologies: WordPress, Elementor, SEO (All in One SEO), Forminator

AI & Automation: n8n, Google Gemini AI, Prompt Engineering, Workflow Automation, Webhooks, Chatbot Development

Tools & Platforms: GitHub, VS Code, Postman, Vercel, Hostinger VPS, Google Workspace, Canva, Power BI

Programming Languages: Java, Python, PHP

PROFESSIONAL EXPERIENCE

AI Automation Intern — Jivrus Technologies

May 2026 – Sep 2026

- Engineer AI-powered workflow automation solutions using n8n to streamline business operations and reduce manual processing time.
- Design and deploy prompt-based automation workflows integrating AI models to improve operational efficiency across teams.
- Build, test, and debug automated workflows supporting business process optimization and data handling.
- Collaborate cross-functionally with technical teams to identify automation opportunities and implement AI-driven solutions.

Web Developer — Nano Stream Technologies

Feb 2026 – Jun 2026

- Developed responsive admin dashboard modules using React.js, TypeScript, and Tailwind CSS, improving usability across analytics, orders, users, coupons, and support modules.
- Integrated REST APIs to enable real-time data handling and dynamic content rendering across dashboard features.
- Engineered reusable, scalable UI components, reducing development time for future features and improving code maintainability.
- Collaborated with cross-functional development teams using GitHub-based version control workflows.
- Optimized application performance, state management, and overall user experience, increasing dashboard responsiveness.

WordPress Developer — El Mundo Sports

Aug 2024 – May 2025

- Independently designed, developed, and launched the official website for El Mundo Sports Club from concept to deployment.
- Built fully responsive web pages using WordPress and Elementor, ensuring cross-device compatibility.
- Implemented on-page SEO optimization using All in One SEO, improving organic search visibility.
- Developed dynamic career and inquiry forms to streamline visitor engagement and lead capture.
- Managed ongoing content updates, plugin integrations, and site performance optimization post-launch.

PROJECTS

AI-Powered Portfolio Chatbot

n8n | Google Gemini AI | Webhooks | JavaScript | REST APIs | Vercel | GitHub

- Developed an intelligent AI chatbot integrated with a live portfolio website to deliver real-time visitor assistance.
- Implemented automated query processing and AI-generated responses using Google Gemini AI.
- Connected frontend and backend workflows through n8n webhooks with cloud deployment on Vercel.
- Increased visitor engagement by enabling instant, AI-powered communication.

Live Portfolio: <https://grace-portfolio-one.vercel.app>

Smart Contact Form Automation System

n8n | Google Sheets API | Gmail API | Webhooks | Google Workspace | Hostinger VPS | Vercel

- Designed and implemented an automated workflow for end-to-end website inquiry management.
- Integrated Google Sheets for centralized lead storage and Gmail API for automated notifications.
- Configured instant acknowledgement emails, improving response time to visitor inquiries.
- Streamlined lead tracking and communication through a no-code automation workflow.

Svasthya Fresh — Admin Management System

React.js | TypeScript | Tailwind CSS | React Query | REST APIs | GitHub

- Developed a real-time admin dashboard covering products, orders, users, analytics, coupons, payments, and support.
- Built reusable UI components and responsive interfaces to support scalable feature growth.
- Integrated REST APIs and implemented dynamic data handling for real-time updates.

- Optimized frontend performance, improving load times and overall user experience.

Live Project: <http://3.111.157.226/svasthya/admin-side/>

El Mundo Sports Club Website (Live Project)

WordPress | Elementor | HTML | CSS | Forminator | All in One SEO

- Designed and launched the official website for El Mundo Sports Club, managing the project end-to-end.
- Implemented SEO optimization and fully responsive design across all pages.
- Developed dynamic career and contact forms to capture visitor and applicant information.
- Managed ongoing website maintenance and performance optimization.

Website: <https://elmundosports.in>

Sportify — Sports Trials Management System

React.js | Firebase | JavaScript | Tailwind CSS

- Developed a sports trial management platform supporting player registration and scheduling.
- Implemented coach evaluation and feedback modules to streamline the trial process.
- Created an admin dashboard for trial management and performance reporting.

HomiFi — PG Management System

React.js | Firebase | JavaScript | Tailwind CSS

- Developed a role-based PG management platform serving Students, PG Owners, and Admins.
- Implemented secure authentication and PG verification workflows to ensure trusted listings.
- Built responsive dashboards for accommodation management and browsing.
- Integrated Firebase for real-time data storage and user management.

Victoria Football Academy Website

PHP | MySQL | HTML5 | CSS3 | JavaScript

- Developed a football academy registration platform with secure user authentication.
- Built an admin dashboard for managing player applications and records.
- Integrated chatbot support to enhance user experience and visitor engagement.

EDUCATION

Master of Computer Applications (MCA)2024 – 2026

Kristu Jayanti (Deemed to be University), Bengaluru — CGPA: 8.48

Bachelor of Computer Applications (BCA)2021 – 2024

Milagres College, Kallianpur — CGPA: 8.34

Class XII (PCMC)2019 – 2021

Milagres PU College, Kallianpur — 76.83%

Class X (SSLC)2018 – 2019

St. Antony's English Medium School, Sastan — 76.32%

CERTIFICATIONS

- Data Analytics with Microsoft Power BI — FutureSkills Prime
- Employability Skills – Job Ready — Wadhwani Foundation
- Programming Fundamentals — Infosys Springboard
- Fundamentals of Java Programming — Infosys Springboard
- HTML5 & CSS — Great Learning

ACHIEVEMENTS

- Overall Champions — Manoeuvre 2.0 IT Fest, 2025
- Rajya Puraskar Award — Bharat Scouts & Guides
- Represented Mangalore University in South Zone Football Tournament
- Co-Convenor — SHELLS 2026
