Internships/ Experience

WordPress web Developer

El Mundo Sports, Bengaluru

AUG 2024 – MAY 2025

- Independently designed, developed, and launched the official website: elmundosports.in
- Built a 6-page responsive website using **WordPress** and **Elementor**: Home, About Us, Contact Us, Park, Gallery, and Career.
- Integrated advanced UI features including forms (**Forminator**), flip cards and accordions (**Royal Elementor Addons, Essential Addons**), timelines.
- Configured meta titles, descriptions, and search keyphrases using All in One **SEO** to improve search engine visibility.
- Developed a dynamic Career page with job listings, application forms, and interactive content.
- Ensured full responsiveness across mobile, desktop, and tablet devices for seamless user experience.
- Applied backend performance optimization and maintained a clean, brand-aligned UI with regular updates

Web Developer

Nano Stream Technologies, Bengaluru

FEB 2026 – JUN 2026

- Worked on the development of the “Svasthya Fresh – Admin Side Management System” using React, TypeScript, and Tailwind CSS.
- Developed responsive frontend interfaces and reusable UI components for multiple dashboard modules.
- Implemented modules including Orders, Coupons, Analytics, Users, and Support Center.
- Integrated REST APIs and handled dynamic data rendering for real-time dashboard functionality.
- Collaborated with team members on debugging, frontend optimization, and UI consistency improvements.
- Used GitHub for version control and participated in real-world software development workflows.
- Improved application responsiveness, state management, and overall user experience across devices.

AI Automation Intern

Jivrus Technologies

May 2026 – September 2026

- Worked on AI-powered workflow automation projects.
- Developed and tested automation workflows using AI tools.
- Created prompt-based solutions to improve efficiency.
- Collaborated with teams to optimize business processes.
