PROFILE:

Hands-on experience in AI automation, web development, SEO, WordPress, social media content, and digital analytics. Experienced in building AI-powered workflows, managing and optimizing websites, conducting keyword research, and analyzing search performance. Strong in problem-solving, attention to detail, and adaptability, with experience working independently on real-world projects.

EXPERIENCE:

AI AUTOMATION INTERN | MAY 2026 – SEP 2026
Jivrus Technologies, Bengaluru, India

- Built and tested two n8n AI automation workflows, including business process automation and a RAG-based document Q&A system using vector embeddings, document extraction and AI agents.
- Developed an AI-powered website chatbot using n8n and Google Gemini to enable real-time visitor interactions.

WEB DEVELOPER INTERN | FEB 2026 – JUN 2026
Nano Stream Technologies, Bengaluru, India

- Developed responsive web interfaces using React.js, TypeScript and Tailwind CSS, creating reusable UI components for real-world applications.
- Built admin dashboard modules for orders, coupons, analytics and user management, with responsive interfaces for desktop, tablet and mobile.

WORDPRESS DEVELOPER | AUG 2024 – MAY 2025
El Mundo Sports, Bengaluru, India

- Independently designed, developed and launched the official El Mundo Sports Club website using WordPress and Elementor; managed website content, pages and enquiry/career forms.
- Implemented on-page SEO using meta titles, descriptions, target keyphrases and internal linking; tracked 839 organic clicks, 48K impressions, 1.7% average CTR and 6.4 average search position using Google Search Console.

SOCIAL MEDIA & CONTENT CREATION | 2023 – 2026

- Planned content calendars and created reels, promotional videos and event creatives for Grace Captures, KJU KJIT, SHELLS 2026, VFA Manipal, Udupi District Football Association, ICYM Sasthan and Nithyadar Kripa Food Products.
- Tracked audience and content performance using social media analytics; Grace Captures achieved 441K+ views, 5,493 profile activity actions and a 38.2% increase in profile visits, with selected content reaching 40K+ views.
